

GRÜNER VELTLINER

Smaragd 2018
For Friends only

About the wine

The first nasal contact already justifies the amicable wine name:

this is prime grape juice for even better friendships, nothing for philistines, scroungers or time-killers, do not let the grass grow under your feet, this wine screams "carpe diem", more than this - use every second, in order to work your senses through this complex, multilayered liquid matter, fine pomaceous fruits, Tarte Tatin, pineapple, kiwi, greengage, plums, Crème de Marrons, showing the aromatic virtuosity of the variety as well as ripeness of the grape, baroque abundance, dense glaze, salty-mineral acidity curve, a congenial liaison of soprano and tenor, and stretching like a Wagner opera, or a very special amitié
